

RJD Capital

We enable our clients to build, deploy and manage capital through the usage of Global Trade Credit and International Employee Benefits Insurance programs.

Our Mission

We bridge the gap between Trade Credit Insurers, Banks, Employee Benefits Insurers and Digital Wellbeing providers via our unique Capital Underwriting Accelerator ecosystem made of these four intertwined pillars.

Financial and Human Capital Optimization all-in-one

Our Solutions

Insurance Program Optimization

- Bundled solution for Large Corporates, Multinationals and Financial Institutions.
- Delivering Trade Credit and Employee Benefits Insurance Program Terms & Conditions optimization, Risk Management guidance and day-to-day operational support.

Insurer Program Engineering

- Dynamic solution for Trade Credit Insurers, Employee Benefits Insurers and General Insurers.
- Providing steering on internal Project Assignments for achieving key objectives and building business resilience.

Employee Program Mastery

- Proficiency solution for Employees, Individuals and Students.
- Offering up to 12 months tailored mentorship programs on career development including wellbeing drivers and personal growth.

Our Values

Customer centricity

Reliability

Commitment

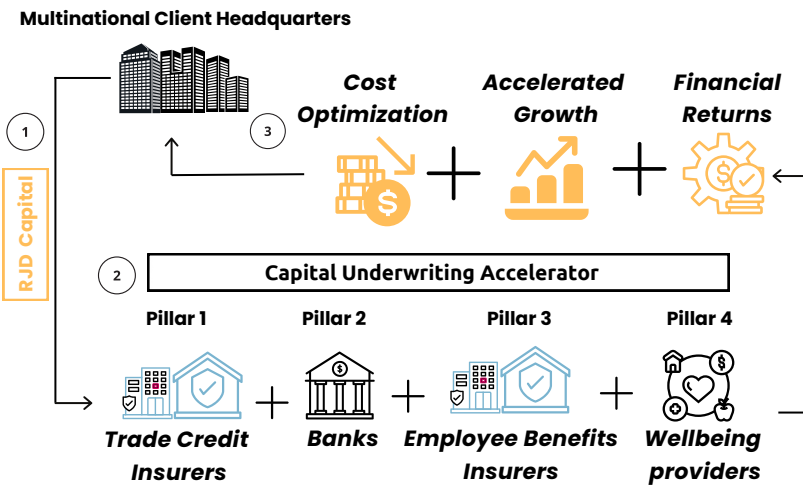

Prevention

Resilience

Our Capital Underwriting Accelerator (CUA)

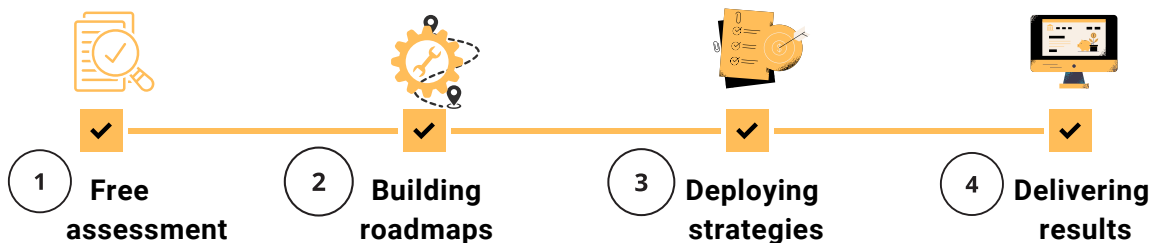

Benefits of joining the CUA

- 1 To get you an immediate access to a carefully selected global panel of Insurers, Banks and Digital Wellbeing providers.
- 2 To benefit from economies of scale by having costs managed, risks mitigated with both protection and prevention mechanisms implemented via our CUA.
- 3 To unlock a major potential for your organisation to achieve cost optimization, to record accelerated growth and to generate long-term sustainable financial returns.

Reducing complexity by simplifying access to information

Our Approach

Why choosing us?

- We create synergies by breaking barriers.
